Formpipe receives order from a Swedish university worth SEK 1.7 million

Formpipe receives an order on the ECM product Platina from a Swedish university. The total order value amounts to SEK 1.7 million and Formpipes partner Agio is the service provider.

The order also includes Portal by Formpipe, a platform for publishing, mobility and e-services, closely integrated with Formpipes other e-government products.

"We are proud to announce that yet another university selects Formpipes products. We have recently seen an increase in demand in the area of standardized e-services and portals, and we are pleased that an increasing number of customers choose our portal product", says Christian Sundin, CEO of Formpipe.

Luleå University of Technology want to achieve an overall perspective of their operational information, from the initiation of cases and associated documents to e-archiving. Operational information shall be effective and customized for internal and external stakeholders.

Of the total order value, license revenues of SEK 1 million, are recorded in first quarter of 2015, while associated revenue will be allocated throughout the contract period.
