Press release, September 20, 2013

## Formpipe receives top rating on Danish public sector frame agreement

Formpipe has been chosen as vendor on the Danish Statens og Kommunernes Indkøbs Service (SKI) frame agreement regarding IT Solutions and Maintenance. SKI expects the agreement to be worth approx. 1,2 billion DKK.

The SKI frame agreement consists of 18 sub-agreements. Formpipe decided to bid for three; Case and Document Management, Collaboration and Digital Self Service, and has been top rated in all three of them.

SKI frame agreement is a central agreement, available for all public agencies, ministries, regions and municipalities enabling clients easier access to vendors and offerings. This agreement replaces the previous agreement that expired February 2012.

- That we are top rated in all our solution areas proves once again that we are the leading ECM provider to the public sector. The agreement is awaited by the market and now that it is in place, we believe that investment in the Danish public sector will increase, says Christian Sundin, CEO of Formpipe.
