## Formpipe renews agreements with the Danish Agrifish agency to an estimated value of SEK 250 million

The Danish AgriFish agency renews five frame agreements regarding the development, configuration, support and maintenance of Formpipe's grants management solution TAP. The total value of the agreements is estimated to SEK 250 million over a four-year period.

The agreements are primarily concerning the development, configuration, support and maintenance for the existing AgriFish installations of the TAP product, but also include related services for other Formpipe solutions.

"Writing comprehensive agreements with several of the largest authorities in both Sweden and Denmark enables us to secure important revenue streams over time. The renewed agreements with the AgriFish Agency gives us secured revenues at similar levels as in the replaced agreements", says Christian Sundin, CEO of Formpipe.
